

EDITORIAL.

The Record has a word to say for itself under the management which takes control with this issue. It expects to succeed in proportion as it makes itself valuable to the public. It is published in a somewhat sparsely settled region and therefore under great disadvantages; but Lincoln county is now seeing the hardest times it ever will see. Henceforth it will grow rich and prosperous, and the Record will grow with it and help it grow.

This paper's aim will be the common good and its own profit; its methods, those which please the proprietor, and should anyone honestly think it badly managed, he is at liberty to start a paper of his own.

With reference to the meeting of the P. C. Mining Company at Salt Lake City on the 16th inst., the Tribune of the 17th contained the following: "At a meeting of the Pioche Consolidated Mining Company last evening 57,000 shares were represented. Steps were taken looking to the securing of ample capital to put the property in fine operating shape. The negotiations now pending are expected to be consummated in a very short time, after which more lively times may be looked for in the once prosperous camp of Pioche, Nevada."

A portion of the north side of the Ward or McFadden two-story stone building, on Main street, fell out last week, completely demolishing the frame building adjoining. The wall had for some time been saturated with water from the gutter above and the continued thaw caused the tumble.

P. L. Shoff has been appointed doorkeeper at the San Francisco mint. Mr. Shoff, it will be remembered, superintended the construction of General Conner's water works from Highland to Pioche in 1871, and was elected to this county in 1872 to the State Legislature.

The clock and watch repairer who appeared among us for a few days last week, left on short notice and has gone, no one knows where. A rich harvest would have fallen to him here, if we may judge from the frequent inquiries made as to when he would return.

We acknowledge the receipt of an invitation to the Firemen's Ball at Butte City, M. T., from which we notice that our former townsmen, Thompson Campbell, James McGovern and Harry Gordon are members and are on the invitation committee.

Pat Ryan took Dan Patterson and Mike Fitzgerald out to the English Ranch to remove his sawmill to Pine Grove preparatory to chewing up trees into railroad ties for our Utah Central Extension to California. [Pioche Times.]

On the 23rd A. Veitch, County Treasurer, under an order previously made by the County Commissioners, deeded to the Bristol Syndicate the property at Bristol, known as the Bristol Mill, the consideration being \$3,050.

The wet heavy snow on Saturday last prostrated two of the telegraph poles on Leavour street and broke away several of the insulators on Main street. As a result, the wires were out of working order a good portion of the day.

The Western Union Telegraph Company have made a further reduction in rates. The highest rate from this place to any Western Union office in the United States is now 75 cents for a message of ten words or less.

Parties are at work on the Burks, the Raymond and the old No. 9 waste dumps, getting out screenings with which to begin leaching on the first advent of Spring.

Forty teams, says the Pioche Times, are said to be ready at Milford, for service on the railroad. Switch construction is reported to have begun.

Beginning with the month of March, the Record will be delivered by the carrier to town subscribers at 75 cents per month.

The 22nd was observed in town by the closing of some of the business houses and a holiday given to the school children.

Justice of the Peace, A. A. Young, has been confined to bed for several days with an attack of pleurisy.

The mails continue to arrive six to eight hours behind time.

ENJOY LIFE.—What a truly beautiful world we live in! Nature gives us grandeur of mountains, glens and oceans, and thousands of means of enjoyment. We can desire no better when in perfect health; but how often do the majority of people feel like giving it up disheartened, discouraged and worn out with disease, when there is no occasion for this feeling, as every sufferer can easily obtain satisfactory proof, that Green's August Flower, will make them free from disease, as when born. Dyspepsia and Liver Complaint are the direct causes of seventy-five per cent. of such maladies as Biliousness, Indigestion, Sick Headache, Constipation, Nervous Prostration, Dizziness of the Head, Palpitation of the Heart, and other distressing symptoms. Three doses of August Flower will prove its wonderful effect. Sample bottles 10 cents. Try it.

Two parties of railroad surveyors in the employ of the Utah Central Railway Co., left Milford last week for work on the proposed extension from that point to Barstow, California. One party of eight or ten men, and a good outfit, has gone directly through by way of Panaca and Palmaragat Valley, which latter place they passed last Monday. The second party, consisting of about twelve men and a good outfit of wagons, etc., is working its way from Milford in this direction, setting stakes as they proceed at the rate of nine or ten miles per day. They have worked via Hot Springs and expected to reach Sulphur Springs last Saturday. Whether they will turn west from that point or continue on to Desert Springs is not known. The vigorous manner in which they are going about the business looks as though the "tie" that is to bind us to the outer world would this time prove no myth, and will be speedily laid.

W. A. Wilson, the Hiko mail carrier, reports that since his last trip a break or fissure has appeared on Dry Lake, averaging three to four feet in width and is estimated to be about four hundred yards long. It extends across the traveled road, and renders a detour of a quarter of a mile necessary to get around it.

J. Nesbitt & Bro., as will be seen from their advertisement in this issue, under head of "New To-day," are prepared to give such bargains in each of their departments as will astonish patrons. Go see for yourselves. Everything is new and fresh.

Notice the new advertisement of J. Eisenmann, which appears in this issue. At this establishment, as heretofore, any work in that line will be done, and any article in the hardware trade can be purchased at reasonable prices.

The Hesperian drug store, John Shier, proprietor, advertises in this issue. The purest drugs and medicines can be found here. During the coming week a full supply of garden and flower seeds will be received by him.

The ladies of the town have taken the matter in hand and will see that little Winnie McMath is properly supplied with clothing before starting on her journey.

On Wednesday evening the infant child Willie, of Mr. and Mrs. Chas. Ball, while playing, fell against a heating stove and severely burned his face and left hand.

A. Mandich's advertisement in another column, shows where groceries and provisions and the finest confectionery, limes, oranges and lemons, can be had at any time.

The Republican State Central Committee has issued a call for a meeting of the Committee to be held at Virginia City, Nevada, on Thursday, March 15th, 1889.

Notice the card of C. J. Boskowitz, generally known as "Boke," in this issue, for whose coming orders should be reserved.

The stone wall at the rear of Mrs. Sherwood's premises has caved. The result of too much moisture.

Beautiful weather the past few days, and a rapid drying of the mud on the main streets in consequence.

Uncle Abs Richard has been brought in again from Bristol quite ill, and is at Mrs. Deck's.

Joe Cook has been down with, but is recovering from an attack of lichen or shingles.

Our "little" friend Boskowitz was in town during the week, jovial and gay as usual.

STATE NEWS.

Menaces have attacked the Washoe Indians.

The tax levy of Nye county for 1888 is \$3.50 on each \$100 of taxable property.

Three faro games and numerous side games of chance are in full blast in Carson.

Much new land will this season be brought under cultivation in Lyon and Churchill counties.

A plan for sinking the Como-Eureka shaft 200 feet deeper will be put up at Como, Nev., next Spring.

Railroad men say there are many dead cattle in the Humboldt river between Beowawe and Carlin.

The Commissioners of Lyon county have fixed the rate of taxation for 1889 at \$3.05 on each \$100 worth of taxable property.

Private advices confirm the statement that work will be started on the United States building at Carson before the 15th of March.

The tax levy of Eureka county for the year 1888 is \$3.80 on the \$100. This is an increase of 45 cents over the levy of last year.

James D. Ryan, County Recorder of Lander county, died at Austin on February 9th. Deceased was a native of Ireland and aged 58.

Several woodchoppers have been arrested by the United States Marshal for cutting timber on Government lands in Lander and Eureka counties.

Times are quiet at Ely, and liable to remain so till Spring, says the News. But we predict a prosperous season for the county next Summer.

There are but 107 convicts in the State Prison. This, says the Tribune, is the least number reported for over 20 years, and speaks well for the morality of the State.

The farmers of Big Meadows, Humboldt county, have commenced sowing grain. Wheat sown in the Meadows in January of last year produced a heavy crop.

It is proposed to mount an electric light on the tower of the Nevada State Prison. All the grounds would thus be rendered as light as during day.

The Government is issuing rations to the starving Piutes in the vicinity of Fort McDermitt. About 12 tons of flour and 22,000 pounds of beef will be distributed among them by the military.

The cold weather killed thousands and thousands of rabbits in Eastern Nevada. Those, it is asserted, have been scalped by the pains-taking and frugal rancher and a bounty claimed on them.

The Carbondale mine, in Lake District, about 30 miles from Carson, belonging to Peck Burnham, Buck Murphy, Jerry Raycraft and Frank Meigher, has been sold to the Bartlett Company in San Francisco. The terms are \$15,000.

The Ohio mine in Rebel Creek District, Humboldt county, says the Silver State, is probably sold to an English company. An expert from Colorado has been examining the mine, and Judge Kirkpatrick at Salt Lake is examining the title.

The new shaft of the Star mine in Gillis Mountain District, Esmeralda county, is now down ninety feet, and enough good ore has been taken out to pay for the sinking. Last week a small lot shipped worked over \$300 per ton.

Elko, Feb. 15.—The Second trial of George W. Lewis for the murder of Geo. Piccoli at Highland, September 3, terminated this morning with a verdict of murder in the second degree. The trial lasted ten days, the jury being out 23 hours. He will be sentenced on Saturday.

The Commissioners of Lander county have refused to allow claims for bounty on scalps, ignoring the State law altogether. First thing they know some claimant will bring suit against the county, and besides paying the bounty the county will have to pay the costs of the suits. The law is constitutional and there is no getting around it.—Elko Free Press.

Carson Tribune: At Antelope Valley is a deposit of ore that contains a mysterious white metal. Heretofore no assayer has been able to name the metal, to melt it or to do anything with it. Now, however, it is announced that a flux for the ore has been discovered. A quantity of the ore is to be smelted and a bar of the metal will be sent East in order that it may be critically examined and tested.

They say that Queen Victoria's "front" blew off while at the Wid-West exhibition last week, and that Red Dog now mentions her with awe as the great "Chief-with-two-scalps."—[Ex.]
